EXEL Industries Group Receives Deloitte's Best Managed Companies Label

Paris, June 24, 2024

A family-owned Group that designs, manufactures, and markets capital equipment and provides associated services for the agricultural equipment, leisure and industry sectors, EXEL Industries has been recognized among the 19 best-managed private companies in France by Deloitte France, for the third year in a row.

First established in France in 2021, the Best Managed Companies program was founded over thirty years ago by Deloitte Canada. The program is now present in more than 46 countries, labeling a total of 1,300 companies worldwide, including 19 in France this year. Companies are evaluated based on their long-term strategy, talent management, innovation capacity, CSR policy, governance, and financial management. These criteria measure, on the one hand, the differentiating elements of the company and, on the other hand, its capacity to meet current and future challenges.

EXEL Industries Group is among the 19 French companies awarded the Best Managed Companies label for the 2024 edition. *"For this third edition in France, we are delighted to count EXEL Industries among the companies that have received our Best Managed Companies label of excellence,"* says **Guillaume Detournignies, Deloitte Partner in charge of the Best Managed Companies France program.**

"Receiving the Best Managed Companies label from Deloitte France for the third consecutive year is a tremendous source of pride. Thanks to the carbon footprints and materiality matrices carried out in all the Group's activities, EXEL Industries companies have been able to materialize their commitment by deploying nearly a hundred initiatives, including the electrification of some of their solutions and the establishment of a social barometer. It is a recognition of our capacity to innovate to meet the challenges ahead," says **Daniel Tragus, CEO of the EXEL Industries Group.**

About Deloitte

"Deloitte" refers to one or more member firms of Deloitte Touche Tohmatsu Limited (DTTL), a UK private company limited by guarantee, and its network of member firms, which are incorporated as independent, legally separate entities. DTTL (or "Deloitte Global") does not provide services to clients. To find out more about our global network of member firms, go to www.deloitte.com/about. In France, Deloitte SAS is the member firm of Deloitte Touche Tohmatsu Limited, and its subsidiaries and affiliates provide the associated business services.
